

## FAIR HELEN HAS HER INNING IN THE LEGAL ROW

(By Associated Press.)  
NEW YORK, June 22.—While counsel for Katherine Clemmons Gould brought up a reinforcement of witnesses in one part of the supreme court today to combat charges of intoxication and misconduct made by the defense in her suit for separation from her husband, the plaintiff won a victory in another part of the court by the decision of Justice Geigerich. He ruled that Mrs. Gould shall be allowed an additional counsel fee of \$10,000 at the expense of her husband. An allowance of \$5000 was made Mrs. Gould last fall for her prosecution of the suit. Among the witnesses examined were her hotel proprietor and hotel manager, who denied knowledge of any undue intimacy between Mrs. Gould and Dustin Farnum. The employees of the Castle Gould, members of the yacht Niagara, hotel chefs, hair dressers and seamstresses testified as to Mrs. Gould's sobriety on all occasions. There were thirty additional witnesses yet to be called. Justice Dowling announced he would sit tomorrow night until the case was finished.

(By Associated Press.)  
HONOLULU, June 22.—The work of getting a jury to try the five Japanese strike leaders charged with conspiracy in connection with the strike of the laborers on the sugar plantations, begun here today. Several leaders stated today that the strike would be resumed on the Ewa and Waiialua plantations on July 1, when they will again call out 3000 Japanese who have returned to work. They declare all the Japanese in the islands have affiliated into one large organization. Representatives of the planters state that if the threatened plan of intermittent strikes on alternate plantations is carried out the strikers will be ordered off the plantations.

## FRENCH OFFICIALS UNEARTH SCANDAL

(By Associated Press.)  
PARIS, June 22.—The report of the parliamentary commission which investigated the naval scandals in France has been turned in. It is a scathing condemnation of the naval administration for the last ten years and makes astounding exposure of the deplorable condition of the fleet for which France has spent \$700,000,000 since 1899. The 350 pages of the report are filled with details of inefficiency, resulting in confusion and red tape, conditions that make naval construction cost 25 per cent more than that of England or Germany. Neither ammunition nor guns for six ships of the Danton type, to be completed in 1911, will be ready before 1914, also, it is pointed out, France has not a single drydock capable of accommodating these vessels when finished.

The referee stopped the fight when Clifford was knocked to the floor by a heavy jab in the stomach. It was said it was feared Clifford would be hurt and the authorities would interfere. Clifford arose at the count of five and demanded that the fight continue. The abrupt ending of the match angered the crowd which hissed and jeered the fighters, and then swarmed about the box office demanding that its money be refunded.

## ELSIE SIGEL WAS DRUGGED AND CHOKED

### Put Through the Third Degree, Chung Sin Dramatically Tells of the Terrible Fate Meted Out to Unfortunate Girl

(By Associated Press.)  
NEW YORK, June 22.—Baited, intimidated by detectives, threatened prosecution and confused by rapid fire questions, Shun Sin, one time roommate of Leon Ling, told this afternoon of Elsie Sigel's murder. Under pressure of the "third degree" the Chinaman admitted he had seen the body in Ling's room, had touched it while it was still warm, had smelled drugs, watched Ling's preparations for placing the body in the trunk where it was found decomposed last Friday night. Chung Sin denied complicity in the murder and protested ignorance of the whereabouts of Ling, the supposed murderer. After an inquisition taken before Cofoner Harburger Shun Sin was held in \$10,000 bail to await the in-

quest. Sin is a native of Canton, aged 35 years. He was arrested at West Galway, New York, and brought to New York City today. From a story told by Chuffig, which is taken as correct, Elsie Sigel was first drugged by chloroform and then choked to death. She was apparently killed on the night of June 9, although Sin appeared mixed in his dates. He says in the early morning of June 10 he heard a strange noise in Leon's room, adjoining his, and looking over the transom, saw the girl laying on the bed with a blood-stained towel over her mouth. He passed through the room, he said, to go out to wash his hands and as he did so felt the body, which was still warm. Leon, in the meantime, had covered the body with a blanket up

to the chin, and had pulled the trunk to the middle of the floor. Sin said he then went down stairs and remained there until Leon called him. When he entered the room the body was not visible, having been bound with rope and placed in the trunk. "I don't see her no more," said Chung Sin. "When I asked Leon how she died he said she had bitten her tongue and bled to death." Taking up his own case, Sin explained his sudden disappearance after the murder, saying he had been employed by a New Yorker at whose country place near Amsterdam he was arrested. He admitted having borrowed \$250 from Chun Gain, proprietor of the Port Arthur restaurant in Chinatown, who has been held in connection with the case. Incidental-

ly he said Leon Ling and Chu Gain had come to blows over the girl in Chinatown some weeks ago. The police theory is that Leon killed the girl because of her attention to Gain. As more of Sin's confession becomes known tonight, he gives an actual description of how the murder was committed. "Elsie Sigel was on the bed," said the Chinese, "and Leon was bending over her. A handkerchief was sticking out of her mouth and I saw blood on it. She was fighting with him, but he only pressed the handkerchief harder into her mouth. Finally she struggled no more and lay still. Leon stood up and looked down at her." Sin admitted giving most of the money he borrowed from Chu Gain to Leon Ling to aid the latter in his flight from New York.

## VOTE IS FINALLY TAKEN ON THE HIDE QUESTION

(By Associated Press.)  
WASHINGTON, June 22.—Late today the senate reached the voting stage upon the hide schedule, after several amendments were defeated the amendment of the finance committee fixing a duty of 15 per cent ad valorem on hides was agreed to by a vote of thirty-six to fifty. This is the rate under the present law but under treasury department rulings is applicable only to hides weighing more than twenty-five pounds. The house places all hides on the free list. Previous to the balloting more than six hours were devoted to speech-making beginning with an argument by McCumber for a duty on hides in which he was sustained by Gamble and Heyburn. They took the position that the effort to make hides free was solely in the interest of manufacturers. McCumber contended that this was a monstrous injustice growing out of the protective system. Burton Page supported the free hide policy. The former in a speech declared the beef trust obtained all the benefit to be derived from hide duty.

## OFFICERS SAY THEY HAVE CASE AGAINST MEXICAN

Under Sheriff Vall Pittman returned to Tonopah yesterday from Rhyolite, where he has been in connection with the case of the people against Francisco Olhao, charged with the murder of two prospectors at Lee-land Wednesday last. Mr. Pittman states that the preliminary hearing of Olhao will not begin until Thursday next, owing to the fact that several witnesses have to be subpoenaed who live in a remote part of the county. Mr. Pittman is of the opinion that the state has a strong case against the Mexican now in custody. The evidence up to this time is circumstantial, but of such a nature as to warrant the officers in believing that the man will be connected with the murder. The one now in custody refuses to talk, giving as his reason that he is unable to understand English.

## NEW THEATER FOR TONOPAH

Tonopah is promised one of the most up-to-date playhouses in the state at an early date. It may not be generally known, but it is a fact nevertheless that at the present time A. J. Aylesworth of Tonopah and Goldfield has an option on two splendid sites in this city and from advices received in Tonopah yesterday he will take up the option immediately upon his return from the east, where he has been for the past several weeks in connection with the financing of his enterprise and visiting with relatives. S. G. Haas of the Butler theater yesterday received a communication from Mr. Aylesworth in which he stated that he had received assurances from United States Senator Nixon that the latter would build a \$60,000 opera house in Reno. Mr. Aylesworth will have the management of the same as well as the playhouses of Tonopah and Goldfield. In Tonopah it is proposed to build a theater of the most modern type. It will be located in the heart of the business section of the city. While east Mr. Aylesworth made arrangements with the big booking concerns to handle the entire business of the state of Nevada. He will, therefore have the billing of plays for Reno, Carson City, Virginia City, Goldfield and Tonopah. In his letter, Mr. Aylesworth states that he will secure only the best of attractions and that of the cities named he will make one of the finest circuits on the Pacific slope. The venture will unquestionably prove a huge success. The people of this state are always willing to patronize good attractions. The great trouble has been that they have been misled so much that they are suspicious. However, if the scheme of Mr. Aylesworth is carried to a successful conclusion, he will find the people of Nevada with him heart, hand and pocketbook.

Some years ago the unfortunate man was hurt in the head by a fall which resulted in the loss of his mental faculties to some extent. Later on he suffered the loss of several thousand dollars in the wholesale bank wrecking in Nevada which completely unbalanced him. He has completely recovered, however, and will be taken back to his home and his family. Mr. Rodgers is one of the best known men in this section, having come to the Smoky valley in the early days. He is possessed of much land there and has a competence for life, notwithstanding his heavy losses. He has many friends who will be pleased to know that he is himself again.
